**Members of The Southern Credit Union can
access cash from just about
anywhere in the U.S. surcharge-free*
through the Allpoint ATM network**

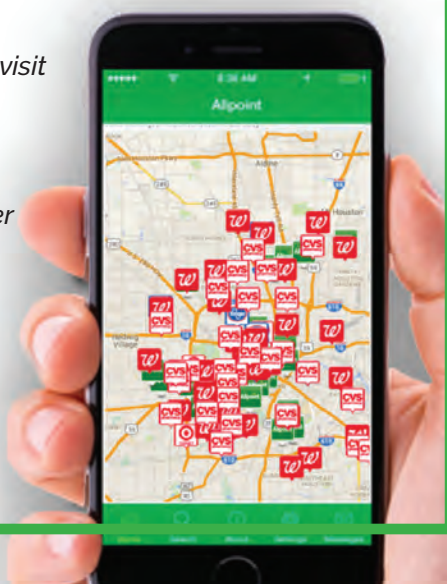

So what is an ATM surcharge?

An ATM surcharge is the extra fee you normally pay for not having an account with the bank that owns the ATM you're using. That fee can be as much as \$3.50 or more with some banks, but with Allpoint, it's free. With more than 55,000 ATMs coast to coast, Allpoint is your single largest source for surcharge-free ATM access.

The Southern Credit Union is making it easier for members to withdraw money from their accounts and check account balances through the Allpoint ATM network. These ATMs are conveniently located in destination retail outlets including major discount retailers, convenience, grocery, and pharmacy stores nationwide.

** Non-surcharge related fees for using a non-TSCU ATM may apply. Please refer to the TSCU rate and fee schedule.*

To find a convenient Allpoint Network ATM, members can visit www.allpointnetwork.com or download the Allpoint mobile app for your smartphone. When a member enters his or her location, the ATM locator brings up all the nearby Allpoint Network ATMs, providing exact addresses of the ATM sites in closest proximity to the location entered.

Child Identity Theft Tip

Children are 51 times more likely to be victims of identity theft than adults.

Check your child's credit report on or around their 16th birthday. This gives you enough time to fix errors before your child tries to obtain financial aid for college, a car loan or rent an apartment.
